DISCOVER MORE ABOUT ... THE HUT!

The activity

Look around and choose the objects to build your secret refuge, a hut for example.

DISCOVER MORE ABOUT ... THE HUT!

Did you know ...

Did you know that the hut is the most ancient example of architecture?

The primitive hut comes from the idea of refuge, to protect oneself from natural dangers, such as storms and predators.

... the hut ...

DISCOVER MORE ABOUT ... THE HUT!

... the veranda ...

And nowadays?

But do our apartments and houses come from these basic huts?

Well yes! It is still the same today. We all need our refuge, our personal safe space for playing, sleeping, studying and working. All modern architecture has evolved from the hut!

DISCOVER MORE ABOUT ... THE HUT!

It's your turn!

So, as the Stone Age men used wood, stones, leaves and straw ...

Let's use what your home offers you. Take chairs, brooms, blankets and have fun building your hut!

... the tent ...
